REGGIANI
Viale Monza 16
20845 Sovico (MB)
Tel: +39 0392 0711
www.reggiani.net

Reggiani sets an international benchmark for the entire lighting sector. It is particularly highly regarded for its ability to simplify complex technologies, making them easy to use and ultimately enhancing the "liveability" of our environment by enabling us to illuminate it in a safe, environmentally-friendly manner. Reggiani is also a pioneer in the evolution of LED and optical technologies, predominantly thanks to its exceptional IOS (Interchangeable Optical Systems) and LED Luce systems, which have made it possible to create cutting-edge lighting solutions that feature greater luminous efficiency (in excess of 90%) and a better performance overall.
